

MOHAMMED SIEF EL-DIN

Flutter & Python Developer | AI Tools | Book & Web Designer

mohmmedsf90@gmail.com | +20 102 902 8078

Mohmmedsief.site | Egypt | Programming since 2018

01 PROFESSIONAL PROFILE

Product-minded developer and designer programming since 2018. I build Android and iOS apps with Flutter, desktop software with Python, and professional book and web experiences. I also use AI tools to improve research, planning, development and content workflows - turning everyday problems into clear, useful products.

02 CORE CAPABILITIES

- Mobile applications - Cross-platform Android and iPhone experiences with Flutter and Dart.
- Desktop software - Python utilities, internal tools, automation and data-focused applications.
- Web experiences - Responsive websites, portfolio platforms and service-request journeys.
- Publishing design - Professional books, covers, structured PDFs and educational materials.
- Product thinking - Requirements discovery, information architecture and solution planning.

03 HOW I WORK

Discover the real need > Design a clear journey > Build a focused solution > Deliver files, guidance and continued support.

04 TECHNOLOGY

MOBILE

Flutter / Dart / Android / iOS

DESKTOP
